

THE NATIONAL INSTITUTE OF PUBLIC FINANCE AND POLICY, New Delhi, is an autonomous, non-profit organisation whose main functions are to carry out research, do consultancy work for governments and impart training to the officials of various governments in public finance and related fields of policy. In addition to undertaking original research work, the Institute strives to fulfil the role of a vehicle for transferring the results of applied research to policy making in the country in the realm of public finance.

The Institute also acts as a forum in which officials belonging to the Central and State governments, representatives of the private sector, leading financial institutions and academicians can exchange ideas and information. With this end in view, seminars and conferences are organised by the Institute from time to time. However, its main activities relate to research conducted on its own initiative and that sponsored by the member governments. (Publications of the Institute are listed on the jacket back.)
